Dear RSAI Board Members, Superintendents, and School Business Officials:

While we've gathered input from conversations at the RSAI regional meetings this spring, we want to hear from as many members as possible to craft the platform for the upcoming 2026 legislative session. If you haven't already, we encourage you to discuss this survey as a board and then provide your district's responses in the survey linked below on how RSAI can best advocate on behalf of your district. We welcome individuals to complete the survey if the board does not have an opportunity to discuss it collectively. We request the completion of the survey *by August 1st*, so we can process the information for the RSAI Legislative Committee's analysis at their meeting on August 14th.

Please complete the [RSAI Legislative Issues Survey linked here](#). You can also [view/print the entire survey in PDF format](#) to make sharing or including it in your board packet a little easier.

The RSAI Legislative Committee will use input from the regional meetings and your survey responses to create a draft of the 2026 platform for presentation, discussion, and approval at the **RSAI Annual Meeting in October**. Registration will be open very soon.

Thank you so much for your continued support for RSAI and advocacy on behalf of rural schools and students!
