

Fantastic Opportunity for Educators! Sea Change Teachers-only Trip 2018

What is it? A special sailing/learning trip, just for teachers! Close living, delicious wholesome food, Lake Superior scenery, sailing skills, climate change lesson-planning, curriculum discussion, and support from other teachers who want to prepare their students for a changing world.

Dates: Aug. 19-22, 2019

Departure: Knife River,
Minnesota

Our Goals for You:

- *Learn and discuss climate science as it relates to Lake Superior, northern Minnesota, and the boreal forest.*
- *Understand how climate change is impacting our economy.*
- *Hear success stories and discuss meaningful school projects.*
- *Practice climate science on Lake Superior (water temperature/clarity).*
- *Inspire your future students to join Sea Change.*
- *Provide Continuing Education*
- *Have fun and learn to sail!*
