

Conducting a Serious Injury or Line-of-Duty Death Investigation

This seminar will discuss how fire departments should conduct a formal investigation on a serious injury or death of a firefighter in the line-of-duty.

October 21, 2021 / 08:30am to 5:00pm / Fort Myers, FL

To register for this seminar, visit the website of Reisen Safety Training and click on EDUCATIONAL COURSES.

This seminar will review the legal pit-falls that fire departments can face with not collecting and preserving evidence related to the injury or death. We will review a case study involving a LODD and the liability of lost evidence.

Seminar Fee: \$325 per participant - seating is limited

Holiday Inn Fort Myers Airport at Town Center

9931 Interstate Commerce Drive, Fort Myers, FL 33913 / 239-561-1550

The following documents will be reviewed and are part of the student manual.

- Firefighter Autopsy Protocol
- Evidence Transmittal Letter
- Equipment Status Document
- Building Construction Document
- State Law Notification Document
- LODSI & LODD Investigative Report
- Victim Background Search Document
