Biography

Jailie was and always be a beautiful soul. She lit up the room whenever she was in it. She was quiet at times but her sarcastic comments always surprised you and gave you a good laugh. She was caring, smart, funny, courageous, creative, and so much more. She was part of the 2028 graduating class of Laker schools. Her plans after high school was to become a fashion designer and travel to Paris. She recently picked up a love for reading. She loved softball, sunflowers, spending time with her family, friends & dog Winston. Her favorite activities were softball, camping, bowling and listening to music. She will forever be missed and life will never be the same without her smile lighting up that room. We all will continue to keep her memory alive. We all love and miss you Jailie with all of our hearts.
