United States Rules for Working Equitation

APPENDIX D. TACK AND ATTIRE FOR INTERNATIONAL COMPETITIONS

One of the goals of international WE competitions is to preserve and perpetuate the type of equitation in each country, including the riding attire and tack that constitute part of their cultural tradition. There are many cultural traditions with respect to riding styles, tack, and attire in the United States. Designation of one tradition style to represent the U.S. in international competitions will be determined at a future date, and will consider the views of the WE community across the country.

Tack and attire requirements for all national competitions are presented in Section 1.9.
