We strive to capture a complete photographic expression of the beauty and joy of your wedding day. We capture images that reflect your personality - those personal expressions of love, commitment, and celebration from yourselves as well as your family and friends. We will work with you as a team to produce a beautiful and complete collection of images. **We are generous in regards to your image rights.** We are dedicated full time professional photographic artists – not dilettantes - and we are at your personal service. We treat our clients as our friends, as our colleagues: we respect them, we encourage them to inspire us, we endeavor to produce works of art together that will be enjoyed for generations.

Guillermo has over 25 years of experience as a St. Louis Wedding and Family photographer. He was one of the first two wedding photographers in the metro area awarded “Hall of Fame” status by The Knot and has always won “Couples Choice” by Wedding Wire.

Rebecca earned a Fine Arts degree from UMSL in 2010 and has been a professional photographer since 2008. She is an extremely creative pure artist. She constantly challenges herself to find new avenues of photographic expression.

Gara earned a Masters in Studio Arts degree from Lindenwood University and has been an adjunct professor of photographer there. She is another extremely creative pure artist. She paints beautifully as well. She treasures capturing personally magic moments.

Our Albums:

Our Album Design Philosophy and Process (Enhanced Elegance):

We custom design albums for our clients with a simple artistic philosophy: We want to maximize the impact of each individual photographic image and not detract from that art while placing those images into an elegant presentation. We start by refining your selected images for your album to the max in concert with you. Then we create a beautiful layout for you to consider and refine and approve. Finally we refine the presentation of that layout artistically and the design is completed when you are happy with that final design. We refer to this design style as “Enhanced Elegance”. These elegant designs are then presented in a gorgeous real Italian Leather Album. Our clients are very happy with their finished designs and albums.

Graphi Studio offers over 50 different Italian leather types and colors including the “fashion” leathers that the \$500 Italian shoes are made of. When you visit be sure and view their leather swatch book – it is the most beautiful in the business.

The Italian Leather GraphiStudio Album:

GraphiStudio is located the foothills of the Alps of Northern Italy. Besides a modern production facility, they have a beautiful castle: **The Ceconi Castle.**

It is impossible to exaggerate the quality of these albums – we have carried them for 18 years and never had a single one come back with any defect. We can show a 10 year old demo album that has had the use equivalent of many, many real bridal albums but looks essentially brand new. True custom design is included with these albums – extreme artistic care in every way. We take a lot of time to make these “just right” works of art and craftsmanship. Each image is refined individually to the max even before the layout and final design work begins.
