COMMUNICATIONS -2022

The Club's Communication report is fairly self-explanatory. We have a monthly Newsletter in which all board members and chairpersons keep the membership up-to-date with new projects and upcoming events. There is also a feature called "The Roving Reporter" where one member's bio/background/ interests are shared with the club.

We have an excellent website thanks to chair Jo Facciolli which displays NJSFWC and GFWC logos. Please check us out at www.womanscluboflacey.org. We have a photographer who shares photos with club members, have an ad in the Convention book, a display of signage and a pinwheel garden outside the Municipal Building for Prevent Child Abuse. We had a table with flyers and treats at Lacey Day our yearly town event for civic organizations and the public.

Finally, we network with other organizations to work on projects and create awareness of our club. This year these included: a girl scout troop for an intergenerational project, Cookies for Cops, Pheasant Run Retirement Association and the Lacey High School varsity cheerleaders for Operation Smile projects, and the Methodist and Presbyterian Churches for **Operation : Warm Feet** socks for Ukrainian Soldiers.
