## THIN SECTION

Standard Thin Section (27 × 46 mm)	\$16.50
Large Size Thin Section (50 × 75 mm)	\$27.50
Circular Thin Section (1 in. diameter slide)	\$22.00
Grain Mounts (27 × 46 mm)	\$16.50
Grain Mounts (50 × 75 mm)	\$27.50
Multi-depth (~ 4 depths in 50 × 75 mm)	\$55.00

Prices do not include the cost for optional services, as listed below

## TURNAROUND

Standard	30-60 days
Priority (50 % Premium)	Temporarily
Rush (100 % Premium)	Not Available

Turnaround times are approximate (in business days), and subject to change without notice

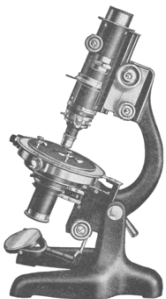

## POLISHED SECTION

Thin Section – Standard Size (27 × 46 mm) – One-side	\$33.00
Thin Section – Standard Size (27 × 46 mm) – Doubly-Polished	\$44.00
Thin Section – Large Size (50 × 75 mm) – One-side	\$55.00
Thin Section – Large Size (50 × 75 mm) – Doubly-Polished	\$66.00
Thin Section – Grain Mount (27 × 46 mm)	\$33.00
Thin Section – Grain Mount (50 × 75 mm)	\$55.00
Thin Section – Circular (1 in. diameter slide) – One-side	\$44.00
Thin Section – Circular (1 in. diameter slide) – Doubly-Polished	\$55.00
Solid Section – Circular (1 to 1½ in. diameter)	\$16.50
Solid Section – Rectangular (27 × 46 mm)	\$16.50
Solid Section – Rectangular (50 × 75 mm)	\$27.50
Solid Section – Grain Mounts (on 27 × 46 mm slide)	\$16.50

Prices do not include the cost for optional services, as listed below

## Why Consider APS?

- Rapid Turnaround
- Excellent Quality
- Lowest Price
- State-of-the-art Equipments & Facilities
- Industry Experience
- Customer Satisfaction

Effective February 2014

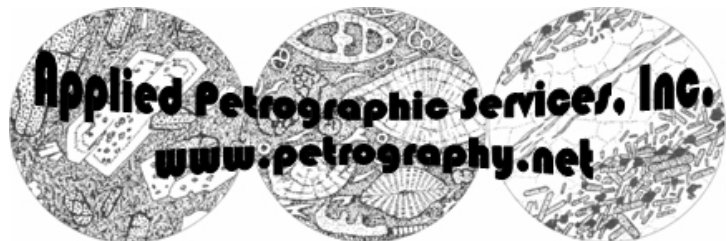

## OPTIONAL SERVICES

Vacuum Impregnation – Clear Epoxy	\$3.30
Vacuum Impregnation – Blue Dye Mixed Epoxy	\$3.85
Vacuum Impregnation – Yellow Fluorescent Epoxy	\$5.50
Sectioning – Trimming of Cut Sample to Fit in Slide	\$2.75
Sectioning – Of Rough Sample to Reduce Sample Size	\$2.75
Cover Slip – Removable or Permanent	\$1.10
Grinding/Sectioning in oil/glycol for water-sensitive materials	\$3.30
Ultrathin Sectioning (to ~ 15µm)	\$5.50
Orientation	\$1.10
Identification	\$0.55
Staining – Calcite	\$1.10
Staining – Iron Rich Carbonate	\$2.20
Staining – Potassium Feldspar	\$11.00
Staining – Plagioclase	\$11.00

# Additional Petrographic Services

## Photomicrography, Optical Microscopy, XRD, XRF, & SEM-EDS

**Photomicrographs of Your Thin or Polished Sections: \$12/per set per sample**

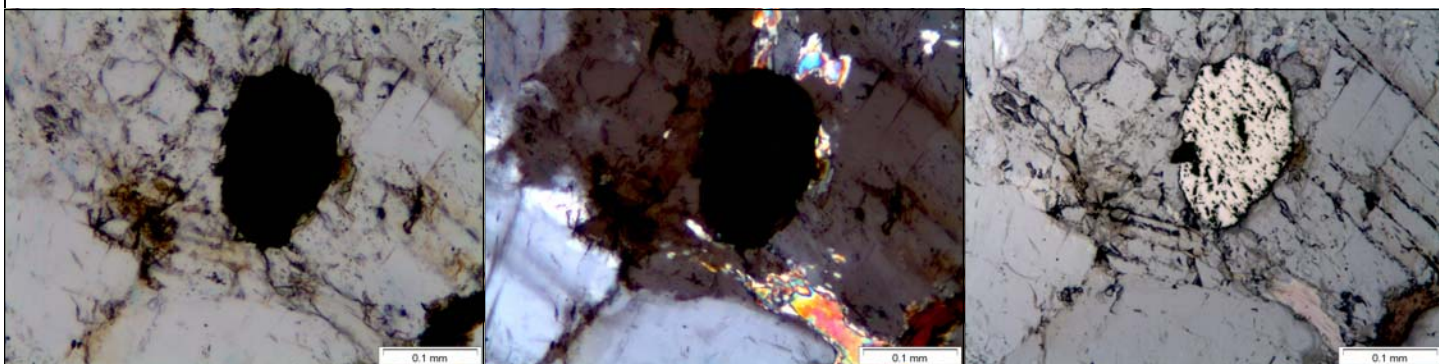

For an additional \$10, you can request photomicrographs of your thin or polished sections in a CD, taken by using high-resolution, latest-model, state-of-the-art digital cameras attached to research-grade petrographic microscopes. At least three sets of plane and cross polarized-light photomicrographs will be provided per sample, with scale bars, depicting the detailed mineralogy, grain and pore size distribution, and texture of the rock.

**Petrographic Examinations: \$300 per sample**

Optical Microscopical examinations of thin sections in plane and cross polarized lights, and polished sections in reflected-light to determine detailed mineralogy, estimated modal (volume) proportions of different minerals, texture and microstructure, alteration, classification, and type of rock. Each report will include at least one set of photomicrographs per sample taken in plane and cross polarized-light modes with a high-resolution digital camera attached to a research-grade petrographic microscope. Price does not include the cost for sample preparation.

### Supplemental Petrographic Services:

- XRD (Qualitative): **\$300 per sample**
- XRF/ICP (Major Elements): **\$350 per sample**
- SEM-EDS: **\$500 per hour**
