MODEL: Fiberglass 3360

HAND: Right/Left

DRAW WEIGHT: 45#

AMO LENGTH: 52"

PRICE: \$39.00

SHIPPING & HANDLING: \$19.00

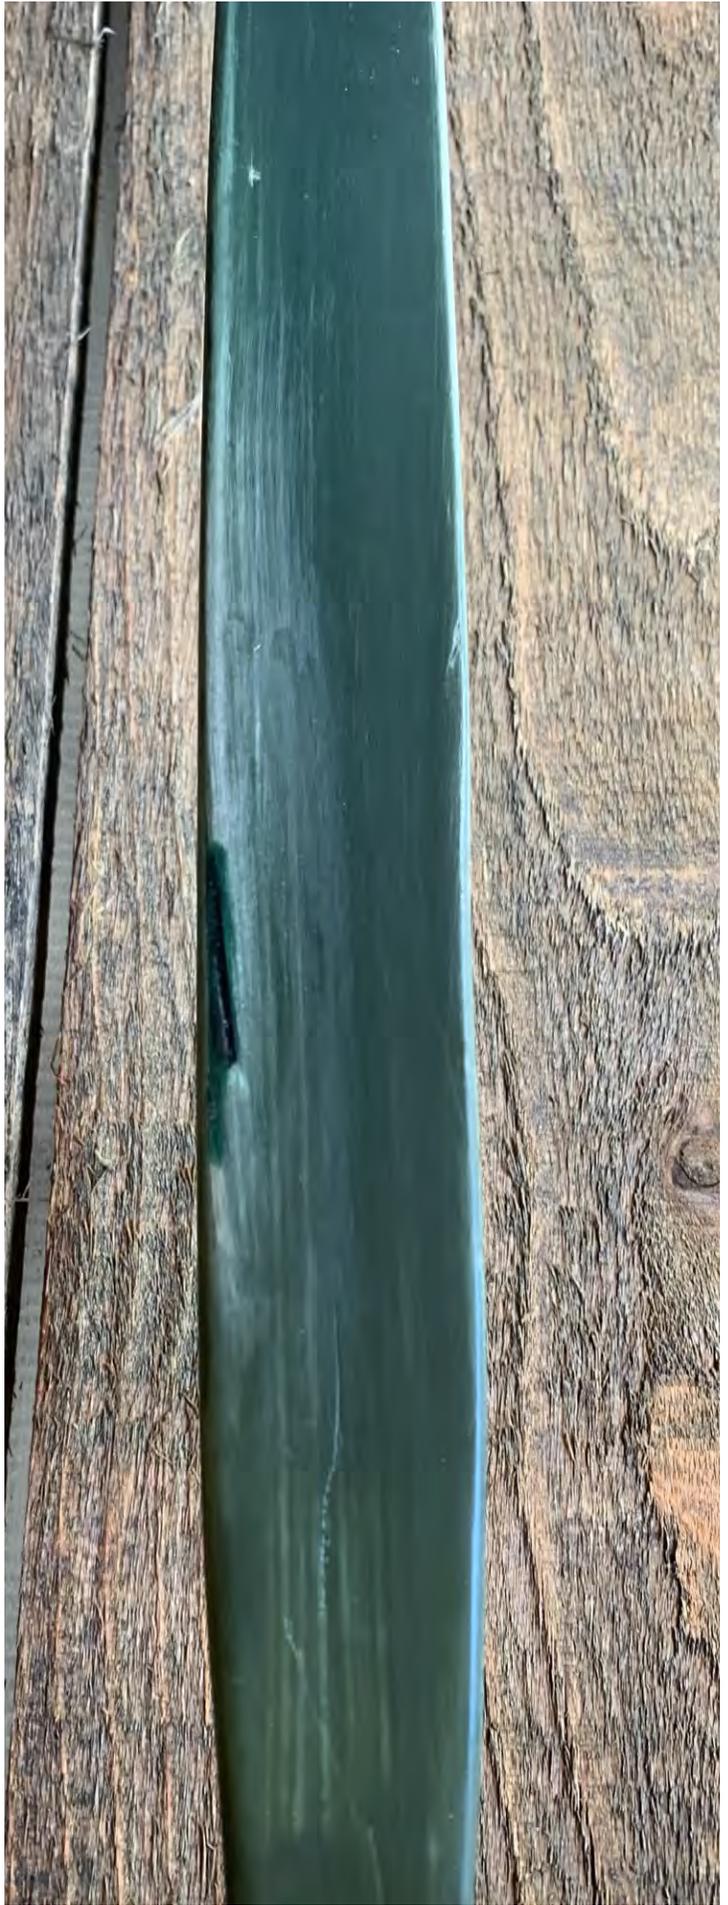

TOTAL COST: \$58.00

DESCRIPTION: Vintage Left and Right Hand Ben Pearson Fiberglass recurve bow in good condition. This 3360 model was the most expensive solid fiberglass model Pearson produced. Nominal wear to either arrow shelf. Tips are in great shape. Limbs are straight. No drilled holes. There is a shallow gouge in one limb (see pic), and another smaller one, neither of which affect the shootability or integrity of the bow. Some blemish in the fiberglass coloring (see pics). A few other minor scrapes and scuffs here and there. This one piece solid fiberglass construction is impervious to weather and rough use. Has molded, textured non-slip handle. Shoots right or left handed. Camo green color. A good starter or all-purpose bow that is virtually indestructible.
