## Presidents' Message

Dear Fellow Brandeis Members,

WELCOME 2021!!!!!! Happy New Year to all! 2020 sped by while seeming to last forever. It was a year that left us all exhausted and stressed out from the pandemic and a deeply divided country. The last thing we may have felt was optimism. Although 2020 became synonymous with much tragedy and suffering, as dawn brings a new day after darkness, there is much to anticipate.

Many of us had special blessings added to our lives such as family weddings, graduations, Bar or Bat Mitzvahs and births. On a personal note, the Ullman family celebrated the weddings of two sons - Michael to Adri and Phillip to Allie. The Lebovitz family ended 2020 with the birth of Joseph Henry. These weddings and this birth, like most, are a metaphor for hope and good things to come.

COVID-19 vaccine inoculations are around the corner and sometime later this year we all hope to be able to once again meet in person. Even with a vaccine, life most likely won't ever go back to quite the way we knew it. Some of the changes we experienced - like Zoom, virtual workplaces, the increased ability for online shopping, along with new and improved cleanliness procedures, are here to stay, at least to some degree. Many changes have improved our life situation. As exciting as it is to anticipate widespread inoculations, we all still need to be patient and stay vigilant well into this new year.

One of the most positive things that came out of the last year was an increased sense of community. Our Phoenix chapter banded together, made quick adjustments so we could stay connected and reached out to many as the months went by. We are extended family to one another. We care about each other and we support one another. It's the best of what any family can hope to be. We thank all of you for being part of the meaningful experience we all share. The love and care we put into giving and supporting one another, our communities and our world is what really counts.

We didn't let the moments of 2020 define us - we defined the moments! Let's all commit ourselves, as we do every January, to some important resolutions: Keep learning. Continue to give joy to others. Reach out to check on neighbors, family and friends who may be isolated. Don't focus on the past - look forward towards the future. Make each day count. Make memories - even if virtually. Be generous; be kind. Be good to your mind and bodies.

Here's to a brighter year - even as we continue to stay apart, we are together. Soon, that will change!

All the best, Jan & Linda

# Be a Detective in Your Home

Join us for "Sherlock in our Homes:  
A Virtual Scavenger Hunt"

**We are delighted to offer this fundraising activity  
on February 20 – 5:00 to 7:30 pm**

Form your teams and choose a team name and Lead Detective (Team Captain) –  
there is a maximum of six people on a team.\*

If you are looking to join a team, please let us know.

**Registration will begin on January 5  
and end on February 5**

In a nutshell, our scavenger hunt via Zoom will start off with everyone joining a single Zoom meeting along with our person from *FrogQuest*, the company running the event. With everyone together, he will explain the rules, answer questions, and generally get everyone excited and set up for success. Then everyone will be sent to team-based breakout rooms for the actual hunt. Each team will work together through Zoom to complete as many of the tasks as they can.

Once the time is up (60-90 minutes), everyone will rejoin the main room where *FrogQuest* will present a slideshow, based on many of the photos of completed tasks from all the teams, and the winning team will be announced!

**Cost to join the hunt will be \$39 per person.**

### IMPORTANT CHANGE TO THE SCHEDULE

The French foreign film group, **Le Cinema Français**, will now be offered on Zoom on the 3rd Monday from 10:00 - noon, instead of the 2nd Tuesday. We also have a new facilitator for this group. Andrew Tievsky ([atievsky@yahoo.com](mailto:atievsky@yahoo.com)) has agreed to facilitate, to help out our original facilitator. This study group is already in the online registration system, so you can register for it at any time. Check it out in the Study Guide.

# How To Register

Wait for the email announcement indicating the groups are ready and available in the online registration system.

*If you previously registered for study groups earlier this year, you will use the “[Click here](#)” to edit your registration information link that was on the registration confirmation email you received after registration.*

*If you misplaced your confirmation email, there are detailed instructions about how to get a duplicate copy on the BNC STUDY GROUPS webpage by clicking on the link that says “[How to Register.](#)”*

*If you not yet registered online for any groups, you will use the Registration Link on the BNC STUDY GROUPS webpage to begin the process and create a new record for registration.*

Remember, you must be a current member of BNC to register for Study Groups, so you must join or renew your membership either before or at the time you register. The system will offer you this opportunity.

Any questions or concerns, please email us at [2021phxstudygroups@gmail.com](mailto:2021phxstudygroups@gmail.com) or call and leave a message at 480-256-9515.

## Would you like to become a Facilitator?

### JOIN US...

**Friday, January 22 – 1:00 pm**

If you have ever considered being a facilitator, please join us on January 22 at 1:00 pm for a Q&A session on what it means to be a facilitator. We have lots of study group ideas that are just waiting for the right facilitator. If you have a special passion or a skill you would like to share with others, please come and share it with us.

Learn what it takes to be a facilitator - exploratory only; no commitments expected.

The program will include:

- Learning what facilitators do...and don't do.
- Exploring your passions that might lead to a study group.
- Testing out your ideas with peers and hearing a few tips from current facilitators.

Facilitating is a way you can expand your friendships while doing the things you enjoy.

Since there won't be in-person groups happening in the short run, all Study Groups will continue to be on Zoom. Don't worry, we will teach you how to facilitate on Zoom and our Study Group committee is available to support you when needed.

Please RSVP to the Study Group mailbox [2021phxstudygroups@gmail.com](mailto:2021phxstudygroups@gmail.com) and we will provide you with a Zoom invite.

# Study Group News

There are still many study groups that have space available for more participants. For details and to sign up for available study groups, see the Guide on our website at: <http://www.brandeisphoenix.org/study-groups.html>. If you have an idea for a virtual Study Group you wish to facilitate, please contact the Study Group VPs.

## MEN FOR BRANDEIS ACTIVITIES

**Wednesday, January 13 at 12:45 pm**

On January 13, 2021, Dr. William (Bill) Hery will be discussing the historic work done at Bletchley Park in England during WWII. Dr. Hery is a retired computer scientist/engineer from Bell Labs, as well as a retired professor of electrical engineering from NYU's Tandon School of Engineering (formerly the Polytechnic Institute of Brooklyn).

Along the way, Bill developed a strong interest in the history of computing, cryptanalysis and Signals Intelligence (SIGINT). He has been to Bletchley Park twice to learn more of the history and explore the actual WWII artifacts. He wishes it was closer and not "across the pond," so he could visit more often.

Bletchley Park is famous for the vital work of Alan Turing and others in shortening WWII by decrypting German Enigma messages, which was only declassified starting in the late 1970s. This talk will give an overview of the history of this and other significant achievements, plus a few of the brilliant people behind those achievements. This includes the critically important decryption of the German High Command's Lorenz Network (used by Hitler and the top generals, only partially declassified starting 50 years after the fact), the "industrialization" of traffic analysis (now called metadata analysis) and intelligence processing, and the legacy of Bletchley Park's work on Cold War and later SIGINT organization and methodologies.

All meetings in 2020 will be conducted on Zoom. Members of the group who have RSVP'd to the facilitator will receive a Zoom link to attend. Please make sure in advance that the name on your computer or other device reads out accurately as your name, so that you can be recognized and admitted from Zoom's waiting room. Leith Baletin, MBA's facilitator, will be in touch with members via email with more detailed instructions.

For additional information, contact facilitator: Leith Baletin [lbaletin@gmail.com](mailto:lbaletin@gmail.com) 480-874-9434

## MBA Looking Forward...

**FEBRUARY 10 - DAMIAN PRECIADO** - Damian is a graduate of Brandeis University, class of '07. The first of his family to attend college, he is originally from Southern CA and now runs a "think tank" in the Valley. He will speak to us about his experiences at Brandeis and what he currently does.

**MARCH 10 - RUTH LERNER** - Ruth is a member of our Chapter and chairs the Volunteer Outreach Committee. She was born in Shanghai and immigrated to the US as very young child. She will talk about her experiences in the Jewish quarter in Shanghai and other historical references to that Jewish community.

**APRIL 17 - BILL WEISS** - Bill is retired from AT&T's corporate offices. He also spent time at Bell Labs. His topic will be *The Jewish Mafia in the US*.

## *Honoring Our History*

### The University Photography Collection

Regardless of your political affiliation, it is documented that Americans have made a historical choice in the election of the next President and Vice President. In light of our first woman - and a woman of color - to be Vice President, we will be highlighting the [Marcia Freedman Papers](#) that are part of the [American Jewish and Israeli Feminism Archives Collaborative](#) at the Brandeis Library.

The Marcia Freedman Papers consist of journals, lecture notes, correspondence, manuscripts, typescripts and research files created by Marcia Freedman, an American-Israeli activist and feminist. The collection also contains many articles about Freedman, including newspaper clippings, as well as book reviews for her memoir *Exile in the Promised Land*.

Of particular note are materials documenting her feminist roots, files relating to her election to the Knesset in Israel in 1973 and her founding of the Women's Party in Israel in 1977, as well as autobiographical writings throughout the collection. Material dates from the late 1960's to the 2010's. Audiovisual and born-digital mixed media files are also included. The Collection is predominantly in English although some clippings are in Hebrew and some European languages are also represented.

The [Honoring Our History](#) campaign goal is \$500,000 and at the time of this writing, we have added \$234,463 toward that goal.

The costs of digitizing and preserving each collection that we have highlighted throughout the past few months are: Leo Frank, \$20,000; Helmut Hirsch, \$40,000; Aviva Cantor, \$120,000; Photography Collection, \$10,000; Marcia Freedman, \$25,000.

It will require significant expenditures to make these and other collections permanent for future generations and scholars to use. Now that we are approaching a new year... please help us reach our goal and see your name and our chapter's name on the HOH virtual wall. You will also receive your own *Honoring Our History* pin for an individual donation starting at \$500.

For donations and more information, please visit the updated [BNC website](#).
