

23<sup>rd</sup> March 2021

Dear Valued Exhibitors and Industry Partners,

In response to the continued travel restrictions brought upon by COVID-19, Informa Markets in Vietnam today announce that **Mining & Construction Vietnam 2021** will be rescheduled to **22 - 24 June 2022** at ICE, 91 Tran Hung Dao, Hanoi.

Meanwhile, we continue to keep the industry connected by introducing **Mining conference-led event** with new **Hybrid concept** which is expected to run in **3<sup>rd</sup> quarter of 2021**. Official date will be announced soon. We are working with specialists and associations to work out the program details and will inform exhibitors and partners as soonest.

With entry restrictions and quarantine measures still in place, many overseas professionals are unable to travel to the event as scheduled, which greatly disrupts their global sourcing activity. Replacing current 2021 live exhibition with buyer driven conference- led smaller event, located in a coal mining hub, can allow more efficiency for industry to continue its non-stop interaction with buyers.

Our organizing team will deliver important information to exhibitors, delegates, and industry partner at soonest.

Should you have any questions or concern, please contact our team at the following:
