

The Latter Shall Be Greater

Rachael Martin 12,19,2018

Haggai 2:7 & Zechariah 9:9-10

My girls and I were talking about the significance of God being great enough to create the Universe then He's certainly able to impregnate a virgin. My oldest said they talked about this in their co-op class. This prompted me to think further as to the importance of Jesus' birth and all that took place to welcome Jesus into this world. God placed a star to lead 3 wise men to worship Jesus. God knew that there was going to be an uprising from the King and that the enemy was out to destroy Jesus so an angel sent them in another direction so Jesus could grow up and fulfill His calling.

Which brings me to the point of this devotion... I was going to title this devotion "Jesus' Birth" but as I was typing it – the Lord directed me to the current title because although the birth of Jesus is very important in many ways, we need to remember that His birth was for the purpose of saving our souls from death and sin. With His birth, came righteousness restored, the Lover of our souls, Peace in a world full of chaos, Hope that will last forever and a wonderful knowledge that we will live with Him for all of eternity.

It's a beautiful thing to know that our future is secure because we know Who holds our future. We know that whatever changes around us – He is UNCHANGING – He is our constant. Jesus gave up His throne to embrace death knowing that in doing so – He would win. We win!

Behold the Lamb of God – came to us through a virgin - died a horrific death and rose again to defeat the enemy of our souls – to be all that we need while we live and have our being.

He is our greater, He is our latter – He is our King, our Christ, the Great I AM, our Everlasting Peace, our Joy in the morning, the Son of the Living God!

Merry Christmas Everyone!
