DESCRIPTION: This is a very rare early Howatt El Dorado Palomar from the 1950's that is still in really good shape. Marbled brown limbs. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips or cracks. No stress lines or crazing. A few minor scratches and nicks here and there, and a few small dings. Principal decal is in very good shape. Overall, this is a really nice bow in excellent condition for its age. This would make a nice collector and conversation piece. Still a shooter.
