It has been a great year thus far considering the restrictions, we have made the best of it. A lot of great things have happened for Region 21 this year as we start to rebuild the committee and gain new members. We have many fun ideas coming up for the winter as we continue to grow and build. There will be more to come on that as the year progresses. We hope to see you all out for the Color Run Oct 10th.

As always, Stay Safe & Stay Smart!
