Contracts are subject to the Environmental Protection Agency's ("EPA") "fair share policy", which includes EPA approved "fair share goals" for MBE and WBE firms in the Construction, Supplies, Equipment; and Services procurement categories. EPA's policy requires that applicants and prime contractors make a good faith effort to award a fair share of contracts, subcontracts, and procurements to small, minority and women-owned business enterprise ("SMWBE") firms.. Although EPA's policy does not mandate that the fair share goals be achieved, it does require applicants and prime contractors to demonstrate us of the six affirmative steps. For more details of the DBE Program and the current, applicable fair share goals, please visit [www.twdb.texas.gov/dbe](http://www.twdb.texas.gov/dbe).

Prime contractors are required to comply with EPA's good faith effort policy when awarding sub-agreements for construction, supplies, equipment, and services.
