

**DYNAMIC**  
OIL TOOLS

**Dynamic Oil Tools** is a high-end machining and manufacturing facility for multiple oil & gas downhole equipment that is either licensed through international manufacturers or owned and patented by DOT. DOT acts as a machining and repair arm for regional oil and gas services and operating companies.

Dynamic Oil Tools relies on over 35 years of experience in the field of Profile Wire screen manufacturing and applications, special machine optimization, manufacturing paths and the required floor space for a variety of manufacturing processes.

DOT was founded by Dynamic Energy, a Saudi oil & gas service company with strong international service provider and material supplier alliances. Dynamic Energy is led by a team of professionals with diverse backgrounds from within the oil & gas industry.

**Dynamic Oil Tools focuses on:**

☀ Manufacturing of downhole O&G products

☀ Machining & repair of O&G service provider's equipment

- ☀ Alliance and licensing by international downhole product manufacturers
- ☀ Enhanced oil and natural gas recovery
- ☀ Steel machining capabilities
- ☀ Process engineering applications
- ☀ Ground water development
- ☀ Architecture

## Design Engineering Task

**Force,** A highly experienced DETF is always ready to solve technical challenges armed with a profound knowledge of metallurgy, flow hydraulics and mechanical stress conditions.

## Products & Services

- ☀ Patented screen for use in  
Enhanced Oil and Natural Gas Recovery  
Process Engineering Applications  
Ground Water Development  
Architectural Applications
- ☀ Downhole products  
Washdown Shoes  
Stand Alone Screens  
Fit-to Pipe Based Screens  
Inflow Control Devices  
Inflatable & Swellable Packers  
External Casing Packers  
Liner Hanger

- ☀ Matching of  
downhole parts
- ☀ Maintenance  
of Drilling  
Equipment
- ☀ Cut/Rethread  
Connections

### Location & Contact

Dynamic Oil Tools is located in the heart of the industrial area of the Kingdom of Saudi Arabia, with close proximity to the international seaport and international airport of Dammam, as well as the extensive Road System to all GCC countries, thus ensuring that that products reach our customers in a timely manner.

Address: Industrial City 3, Sector II,  
Block 7, Dammam

Tel: +966 138992219
