About Brandeis University

Characterized by academic excellence since its founding in 1948, Brandeis is one of the youngest private research universities in the United States, as well as the only nonsectarian Jewish-sponsored college or university. It is regarded as one of the pre-eminent liberal arts and research universities in the country. Brandeis counts among its faculty and alumni a Nobel Laureate, MacArthur Foundation "genius grant" recipients, Pulitzer Prize winners and a number of Emmy Award-winning actors, broadcasters and producers. The university stresses an interdisciplinary approach to knowledge and the solution to real life problems. The campus community remains devoted to the concept of social justice, a legacy inherited from the namesake of the university, U.S. Supreme Court Justice Louis D. Brandeis.

BNC Mission Statement

Brandeis National Committee (BNC) is dedicated to providing philanthropic support to Brandeis University, a distinguished liberal arts and research university founded by the American Jewish community. Its membership is connected to the university through fundraising and through activities that reflect the values on which the university was founded: academic excellence, social justice, non-sectarianism and service to the community.

BNC Phoenix Chapter Presidents' Message

On behalf of the Brandeis National Committee's (BNC) Phoenix chapter, we are excited to welcome you to the 2020-2021 Study Group year. Due to the pandemic, this is an unusual time. But you will see, as you read through the Study Group Guide, how many terrific and diverse groups are being offered on a virtual platform. Once it is safe to meet in person again, there are many

more groups that will be added.

Our mission as a BNC chapter is to provide philanthropic support to Brandeis University, a university with a history dating back to 1948 and one that has achieved acclaim as one of the finest research universities in the country. A great university needs a great library and our BNC chapter is instrumental in raising funds to expand the library and digitize the library's unique collections highlighting social injustice. Our current national campaign, *Honoring Our History*, strives to provide global availability of these collections in order to fulfill the University's founding principles of access, inclusivity and tolerance.

The Phoenix chapter's study groups complement the University's commitment to excellence. By offering many diverse virtual groups, our chapter has increased access to outstanding programming for chapter members, wherever they may reside. Our study groups are led by talented chapter members who offer their time and expertise to serve as facilitators. We can't thank them enough for their commitment to our mission and the chapter.

We want to give very special thanks to our Study Group Vice Presidents, Stephanie Klopfer, Joyce Steinberg and Barbara Stern. These women, along with a very dedicated Study Group Committee, have worked for many hours in order to provide this offering of virtual programming.

We hope you will find many groups of interest to keep you busy and engaged during this challenging time. Wishing you all good health in the year ahead!

We look forward to "seeing" you on Zoom!

Jan Lebovitz and Linda Ullman

Dear Members,

We are very excited to share with you all the Study Groups in this year's Study Guide. You may notice that some of your favorite groups are missing from the guide. Unfortunately, there are no in-person groups meeting the rest of 2020, and we will not schedule any until current health conditions in Arizona warrant it. But, never fear! We still have plenty of groups meeting online, using the Zoom platform, including some new and exciting groups for you to join. In fact, this new method of meeting will permit our winter visitors to participate the entire season, since they won't have to wait until they return to Arizona to join with us!

Since study groups are available only to paid-up members of the Brandeis National Committee (BNC), now is the time to join or renew, which you can do online. See page 5 for detailed instructions.

The study groups schedule was created to contain as few conflicts as possible. With that said, we are fortunate to have so many groups, which means you will have to make some choices. Please keep in mind that many of our groups fill up quickly, so plan to register as soon as possible. Our new online registration method is explained in detail on page 6.

We encourage you to share this Study Guide with any of your friends who are not yet members of BNC and talk to them about joining. Remember, your study group fees are used to offset the administrative expenses of our local BNC Phoenix Chapter with all surplus going to the Brandeis University library.

We hope you will take advantage of all that our BNC Phoenix Chapter has to offer for 2020-2021!

Your Study Group VPs,

Stephanie Klopfer, Joyce Steinberg, and Barbara Stern
