## Presidents Corner

Hello quilters,

Thank you everyone who came out to our meeting and enjoyed on zoom. What a fantastic meeting. So much show and tell! Always a favorite of our time together. New members and guests, welcome we look forward to seeing you at the September meeting. Be thinking about taking over the following chair positions; opportunity quilt, vice president, secretary and treasurer. We will need to fill some of these positions for the 2022 year. Also thank you to Kelly for the great presentation.

Be safe and see you all soon,

Rose

# Drawings

Prize Drawings are off to a great start with the resumption of in-person meetings. Thanks for all your support. A big shout-out to Jamie McClenahan and Joey Doyle who have volunteered to take over this popular meeting activity in Jan 2022. Thank you so much!!!

Mary Jo Kent, Prize Drawing Chair.

## Tips and Tricks

### Recycle, Repurpose, and Reuse:

- How many times have you sent a bag of clothes to Goodwill or The Salvation Army? If your budget is super tight, you might want to take a second look at that pile of clothing and sort out any 100% cotton fabrics. Sort by color and look for patterns that might stand out in a quilt.
- Visit a local thrift store. My Goodwill sells most garments for \$3. If I buy a 2x-sized cotton dress it costs \$3. If I buy an extra-large men's shirt it costs \$3. Look for 100% cotton garments in the largest size available. Don't forget to check the linens section. Large sheets are excellent for quilt backing and (at my local Goodwill) cost \$3-\$5. And while you're there, check for quilting supplies such as rulers and cutting mats.
- Leave no scrap behind. Find a way to organize your scraps. I've heard people say they save anything larger than a postage stamp. That type of thinking will keep you quilting for a long time.
- Check your own linen closet. Are there old sheets that need repurposing? Don't toss them out or give them away. They are perfect for backing, binding, and piecing. Don't forget to shop places like Walmart. You can get a twin size sheet for about \$7 that will work great for a quilt back.

## 10 Questions with a Quilter Pat Bates

1. How did you learn to quilt?

My best friend Rose Luce got me hooked. She was teaching our kids quilting in 4-H & I asked if I could join too.

2. Do you have a favorite designer or brand? Not really. If I like the print, color, & how it feels, I buy it.

3. Do you have a pattern that you use a lot? Not really but I do tend to use "Oh My Stars" by Pat Sloan

4. Do you have a favorite quilt? Yes & no. When Rose taught me to quilt, she made us do the piecing & quilting by hand. (The kids of course did a pillow-I of course had to make a large quilt) So, I have a patriotic sampler quilt, all totally done by hand. Don't ask me how long I've been working on it. Let's just say, it's still a work in progress.

5. Is there a technique you have not tried yet? I think Rose has made me get out of my box on several occasions & has at least made me try different things.

6. Do you do your own quilting or have someone do it for you; would you like to learn how to quilt? I do my own quilting

7. How do you organize your stash/ inventory? Well, that's a loaded question! I "TRY" by color & kids & patterns

8. Do you have any tips or tricks for other quilters? I try to remember that there is NO perfect quilt.

9. Where is your favorite place to shop? I go to Broadway Quilts in Sonoma the most, but my favorite thing to do is go to quilt stores when I travel.

10. What would you like to be remembered most as a quilter? That I was encouraging to others & loved seeing others works of art.

# Easy Meatball Subs

Homecookingmemories.com

- Sandwich rolls (cut with one side intact)
- Cooked Meatballs (your favorite recipe or frozen, pre-made meatballs)
- Pasta Sauce (homemade or jarred)
- Shredded Mozzarella Cheese

## INSTRUCTIONS

- Spray a baking sheet with cooking spray. Preheat oven to 400 degrees F.
- Place your frozen cooked meatballs or homemade cooked meatballs in a large pot. Cover with your pasta sauce. Gently fold the meatballs with the sauce, Heat the meatballs and sauce on low-medium, stirring occasionally, until the meatballs are heated thoroughly.
- Fill a roll with as many meatballs as you can fit (usually 4-5 meatballs, depends on size of meatballs and the size of the roll). Top with more pasta sauce from your pot. Place filled sandwich rolls closely on baking sheet. Top each sandwich with shredded mozzarella cheese.
- Bake until cheese is melted, hot, and bubbly.
