

**FALL 2018**

## From the Collection: Photos of Eastsound Visitor Favorites

On exhibit this summer was 75 historical Eastsound images from the Museum's archives. Visitors had the chance to vote for their favorite images and while all the images received at least one vote, here are the top 5:

#5

### **Sheriff's Discipline by Jim McGlinn c. 1960s**

Sheriff, Don Lohman, and 1960's island discipline. Denny Karras of Turtleback, and Tom Clark of Shaw had been driving recklessly and making skid marks on the pavement on Main Street so the Sheriff made them scrub the marks off with toothbrushes.

#4

**Eastsound, Orcas Island, Washington by Bernie McNeil 1975**

#3

## Lover's Lane, Eastsound

By Unknown c. 1910

"They start in rather young, don't they?"

The postcard is addressed to Mr. Glen Scott in Seattle.

#2

#1

## Jap Island (Indian Island)

By Unknown c. 1910

Jap Island, with a house clearly visible. The story goes that a Japanese man worked at the Beach Hotel and lived on this island in 1908. Another source recalled that the cabin was built by Walter Sutherland who owned the hotel, then named Eastsound House in 1891.

## OIHM Volunteer Needs:

*Interested in volunteering at OIHM this winter? Check out the following needs and let the office know if you have some time to help! We're happy to accommodate a consistent schedule or just a few extra hours you might have to spare.*

Collections Committee

# ***A Note from the Executive Director...***

At the end of another busy season, I can't help but exclaim, **every month should be volunteer recognition month here at OIHM!** These past 4 months we nearly did it all: an extremely successful fundraiser, a popular exhibit, summer programs, welcomed thousands of visitors 6 days a week at two museums and so much more. And we did it thanks to all our wonderful volunteers.

We'll be open through the winter season and I'm so proud to announce that we will have a new featured exhibit thanks to our partnership with Keepers of Patos Light. Be sure and remember that a visit to the Museum is a great rainy day activity.

- Brittney Maruska

## ***New Exhibit!***

# **Patos Island Lighthouse October 17, 2018 - March 30, 2019**

Our featured winter exhibit on the history of Patos Island Lighthouse is from its inception in 1893 through its automation in 1974, then the rehabilitation in 2008 by the Bureau of Land Management. Curated by and in partnership with Keepers of Patos Light and funded by the Lighthouse Environmental Program, this exhibit was on display this summer on Patos and will be available on Orcas until March 2019. It has been expanded to include items in the Museum's collection that have never been displayed before, including the Patos Island Visitor's Register, a silk crazy quilt made by the 1st keeper's wife, and a Korean War era US Coast Guard uniform.
