**Mid-Rider 21"**  
**Mid-Rider 23"**

**New**  
**2021**  
**Model**

Artisan Of Canada is pleased to announce the arrival of our newly redesigned Ovation 806

Featuring a blend of strengthened oval shaped core tubing, a soft padded seat, comfortable removable backrest, internal brake cables, push button adjustable handle height, 8" casters, adjustable shock absorbing springs, and improved dual locking brakes. This walker has a foldable open attached mesh basket with reflective strips, wheel reflectors and a secure cane holder.

The unique folding cross frame reduces storage space in your home and vehicle, putting the Ovation 806 in a class of its own. When folded, the walker stands on all four wheels and takes up less than 12" of space. Unfolding takes just seconds with a gentle push on both sides of the seat.

The Ovation 806 comes in a variety of colours.

This walker is manufactured to world wide standards.

	<b>Seat Height</b>	<b>Handle Height</b>	
<b>High-Rider</b>	<b>23"   58.4 cm</b>	<b>39 1/4"   99.69 cm</b>	(max)
