Garmin Instrument Panel Option

A full Garmin G3X panel is an option. System offers all the same capability as the Dynon EFIS, except by Garmin.

- Garmin G3X 10" EFIS System. \$1500

Digital engine monitor, internal GPS with synthetic vision, 2 axis Autopilot, 2020 Compliant ADSB in and Out, Comm radio, 2 place stereo intercom, mode S transponder. EFIS back up battery.

Garmin Options

- Garmin 7" EFIS screen Co-Pilot side. A second 10" will not fit due to Garmin screen dimensions. \$3500
- Back up battery for Second EFIS \$300
- Panel Mounted AOA, angle of attack indicator \$500

Avionics Options All Panels

The Following options are available for both the Dynon and Garmin Panels. Please note for radios only 1 choice is available, panel space limits multiple radios.

- GTN650 Garmin IFR GPS/Nav/Com \$10,000

Replaces Com radio, adds: IFR WAAS GPS source, VOR, ILS. Displayed on EFIS screen.

- GNC 255a Garmin Nav/Com \$3,500

Replaces Com Radio, adds: VOR and ILS capability displayed on EFIS.

- LEMO headset jacks for aircraft powered headsets such as Bose. \$250

NOTE: *Some options are not available with others due to panel space limitations or compatibility. Please Consult with Arion Aircraft if you have any questions.*
