

New York State Equity Leaders Action Network
EXPULSION & SUSPENSION

Racial Disparities
in the Discipline of
Children (Birth to 5)

Did you know that **250 preschoolers** are **suspended** every day? In fact, preschoolers are being **expelled at more than three times** the rate of students in **Kindergarten through 12th grade combined**.

What can you do to help eliminate this problem?

The Equity Toolkit provides tools and ways to sharing information with multiple audiences (e.g. parents, business leaders, etc.)

**NYS
ELAN/NBCDI
TEAM**
Equity for All
New York State Equity Leaders Action Network in partnership with the Department of Education and the Child Development Institute

Why Should You Care?

The high rates of suspension & expulsion in early education is directly linked to high rates of academic failure, dropouts, and incarcerations. It directly effects our future workforce, specifically hindering a diverse workforce. It severely impacts our economic future by establishing a Preschool Suspension to Prison Pipeline.

You can help stop this from happening. It takes informed people to stop these practices.
