

Firearms Transfer Policy

The purchaser represents and warrants that they are legally entitled to receive and possess a firearm under Indiana and Federal laws.

If this is not the case, ALP Firearms LLC, DBA **M and J Firearms** is NOT responsible for any fees or costs related to any firearm transferred to us from any FFL holder or individual.

A fee of 20% of the value of the item transferred, or \$100, which ever is greater, will be charged to the purchaser at that time to cover all labor and costs associated with paperwork, shipping, restocking fees, etc.

Additionally, any transferred firearm that is not picked up within 180 days of receipt will be considered to be abandoned property, and will be forfeited to the store unless the delay is caused by a denial appeal to the 4473 background check process.
