A short bio follows

Born and raised in Hawaii (went to high school in Monrovia) ...After a stint in the Marine Corps, I went to work for TRW....and retired from the aerospace industry after 35 years. I have fished Alaska, Hawaii, Mexico, and Brazil. I enjoy wrapping rods in my "spare time" ...
The top of the favorites' list for me is the Amazon Rainforest fishing for Peacock Bass...followed closely by Alaska.
We will speak on knots, drags, line failure, etc..... something new!

It has been a very unusual year. We had fewer trips, filled most of them but we are a fishing club and I want to increase both membership and fishing opportunities. To that end we are going to combine efforts. Ernie Branch is our Saltwater Chairman. Our Turners trips will still be the ones you can win jackpot hats on. I propose adding Luke Fitzpatrick's/Wils Tackle trips in order to increase the number of Saltwater trips without the commitment in club funds and yet give members an opportunity to fish more dates. I propose Luke and Jose Dominguez and I will set up and sponsor more freshwater events in order to give members more opportunity to fish. This is also a great way to bring kids and others into fishing. I am planning to have at least 10 freshwater events and a few open months.

Luke, Sam and I will give Turners Rod and Reel Club a larger Online presence in order to encourage new members. I still encourage all members to actively recruit new members as this is a club and the more participation we get the more coverage we can have in our community.

No one nominated themselves or anyone to replace any of the existing officers, so the election should be relatively simple. I do however ask members to help our chairpersons in making this a better club by helping recruit new members, maybe be the contact person at an event, attend events and support your club.

If you have not done so, please send in your membership forms. If no change in address or contact information, just put your name on the form. Please send Denise you banquet information as we need a count ASAP, and fill in your Release form so Ernie or I will not have to chase you down during the year to sign it. Guests on trips will sign forms as Ernie will have a supply.

Our speaker this month is Howard Hada from Izorline and a friend of the club . He is bringing the knot tying machine and there will be a prize for the winner.

This has been a great fishing year and by all indications next year will be epic. Not that many White Sea Bass were caught but they are out there, and predictions of larger Bluefin Tuna are being forecast by local experts. See you at a meeting, at the banquet or on the water soon.

Well see you at a meeting or on the water.
Thank you

DINNER MEETINGS We are still able to meet at Mimi's Restaurant in Monrovia. We have been very lucky to have this room for our meetings for many years now. We strive to maintain a good relationship with Mimi's. The room is not free. In order to maintain a good working relationship with Mimi's each member needs to continue to purchase food at our Dinner meetings. Yes, these are dinner meetings. Mimi's has accommodated us with separate checks, an open menu, and they start taking orders as we arrive. (As early as 6PM sometimes.) We want to keep this in balance. If you are unable to purchase dinner please consider dessert or a beverage at least if you eat dinner at home. We also strive to be ladies and gentlemen with our servers. Treat them the way you would want your mother treated! Please remember that your check no longer includes the tip so you need to add on a generous tip. We are not the easiest group to work.

2017 Membership Drive

The 2017 Membership Drive is on!!!! Sam will have **pre-printed forms**. Just bring your check or cash and validate your personal information on the pre-printed forms. The data on the pre-printed forms comes from the club database. This is the best time to verify and update your information. (Please make every effort to use the pre-printed forms rather than fill out a blank form. I have had instances when people supplied "new" or "revised" information (or I couldn't read their writing), only to have to change the information back at a later date! Thanks for your consideration and cooperation.)

The dues for 2017 are the same as last year: \$45 for an individual and \$60 for a family membership.

All members are reminded that your club membership entitles you to a 10% discount on NON-SALE fishing tackle items at Turner's Outdoorsman stores. This discount is not available for guns or ammo. You can be proud that this Club has done this benefit for many years. We have challenged other clubs in the past and not a single Club met that challenge. You can be proud of being a Turners member!

DECEMBER RAFFLE TICKETS

We have had requests for raffle tickets already and to expedite the raffle that evening it has been requested that tickets are sold in sequence. In order for this to happen, you may pay for your tickets in advance at the November meeting or by mail prior to Sunday December 10, 2017. You will receive your tickets in a sealed envelope from Mr Davis when you arrive at the banquet that evening. This way the sequential tickets can be counted ahead of time. If you don't wish to buy tickets in advance, plenty of tickets will be available at the Banquet.

Also new for the raffle this year, many items will have their own individual bucket for the tickets. Each bucket will be labeled with the name of the prize on it. So bring your glasses. This will allow the members to avoid any items they may not want to win.

Members Report

**September
Island Tac Trip
By
Carolyn Duncan**

All to soon the last club fishing trip departed on 9/27/17. Aboard the Island Tak were 10 members and one guest. Ernie, Sam, Carolyn, Henry, Mario Sr., Jose, Jr, Dick, Alex, Mike Naka, Ron Reyes, and Luigi. We started fishing on calm seas and overcast skies. Several Yellowtail were caught before we moved on to fish for Calicos. I was lucky and caught what turned out to be the largest Calico and won the Jackpot. A guest, Henry Vasquez won the jackpot for the largest fish (Yellowtail). Everybody had a good time and returned with fish for all.

2. Adapt federal management to fit recreational fishing
3. Improve fisheries data collection
