

The FAC Yard-of-the-Month Winner for May 2020 is 2447 Mallard Cir. belonging to Kurt Roy and Christa Fjellestad. The homeowner's have been working to improve the look and feel of the existing hardscaping by removing weeds and adding some larger rocks for interest. The small grassy area has been enhanced with regular aerating, fertilizing, edging, raking, and mowing. Adding some extra compost and grass seed is helping to build up the color and feel of the lawn. Recent tree trimming has ensured the sidewalk is free of obstructions and has added nice shape to the native Colorado Blue Spruce. This yard is attractive and well-maintained no matter the season or weather. The home's exterior transformation from the dated and faded mauve paint color to fresh and bright white outside certainly is eye catching! As recent residents to join the neighborhood, Kurt and Christa have big hopes and dreams for their front yard including additional plantings and continued efforts towards keeping grass, trees, and shrubs trimmed and tidy. Congratulations Kurt and Christa, Yard-of the-Month, May 2020.
