

THE CHRIST STAR RETURNS

The purpose of illustration suggests that the several prophetic elements that were in place during the birth and ministry of Christ Jesus have to be reconstituted before Jesus' 2nd Advent. There was the land of Israel that was sovereign but ruled over its domain as it is now by the USA/EU/UN much like the Romans did etc. As there was an antitype of the 'Son of God' and Christ in Caesar, from where there will be a 'Prince of Rome' coming to confirm a Covenant with Israel. He will be accepted 1st as the Messiah. This will facilitate the construction of the 3rd Temple. He will 'reconstruct' it as a type of Herod that refurbished the Temple as a type of False Prophet that sought favor with the Jews. Such will be the work of the coming False Prophet. In such order that the elements were destroyed, the Temple, the City and the Nation sent into exile they will be reconstituted as some believe they have been since 1947 with the UN Partition Plan.
