BARRACUDA OIL TOOLS, LLC

TENSION PACKER

The Tension Packer is a retrievable, tension set packer designed to hold pressure from below. This economical tension packer is for shallow wells where sufficient set-down weight is not available to utilize a set down packer. This packer can be used in water flood, oil production or treating applications. They are available for 4" through 13 3/8" casing, and 16" casing on request.

FEATURES

- Sets securely in any hardness casing, including premium grades
- Compact, Short, easy to transport and run
- Bore is larger than tubing drift diameter
- Easy to operate J-Slot control
- One piece packing
