

# ADENNA® GOLD

## GOLD LATEX POWDER FREE EXAM GLOVES

Gold Latex Powder Free Examination Gloves are the ultimate choice of dental and medical professionals who demand uncompromising quality and protection from a latex glove, with the minimum risk of potential chemical residue or rubber latex protein related allergies.

Specially manufactured with a light chlorination process, these gloves maintain a non-slip, 'tacky' surface that provides excellent grip for both dry and wet applications. The smooth interior finish makes donning and doffing the gloves very easy.
