- Secretary: Judy was voted in to be the new secretary.

4. **Old Business:** *Group Inventory.* The possibility of doing a group inventory was raised in the August meeting. The plan was for everyone to see the checklist that goes along with the inventory to determine whether this would be a useful process. The checklist has not yet been distributed, so this item is postponed.

5. New Business

a) *Leader Seeker and Speaker Seeker positions.* Dana D., our current Leader Seeker, opened a discussion about whether this position is necessary given that we have the Signup Genius. Molly sends out reminders and adds requests for leaders and speakers when these positions are not filled. Jenny and Judy spoke in favor of keeping these positions, because people may well need more encouragement for these roles compared to just reading or sharing on a tool. Also, we want to invite people who may not use the Signup Genius. Dana already does a very good job bringing in people who have never led a meeting or spoken at a meeting. She will expand her search by inviting people during hookup calls, including those who've already led/spoken. Many thanks to Molly for her continued, extensive service to the meeting.

b) *Format.* Molly reported that she has noted a few typos in the format and will be making corrections. Barbara commented about several typos and grammatical errors. Anyone who wants to report errors can contact Molly.

c) *Service Positions and Signup Genius.* Judy asked if most of the positions were filled this week by the time we had the meeting. Molly said yes, that only a few readings were open. An announcement last week was meant to

remind people to leave room for everyone to participate. The goal is for different people to have an opportunity to do service.
