

TURNTABLE-FP14KCX

HD Alignment Turntable Set (2ea)

4,500 lb. Capacity Each

(14" x 14" x 1.5")

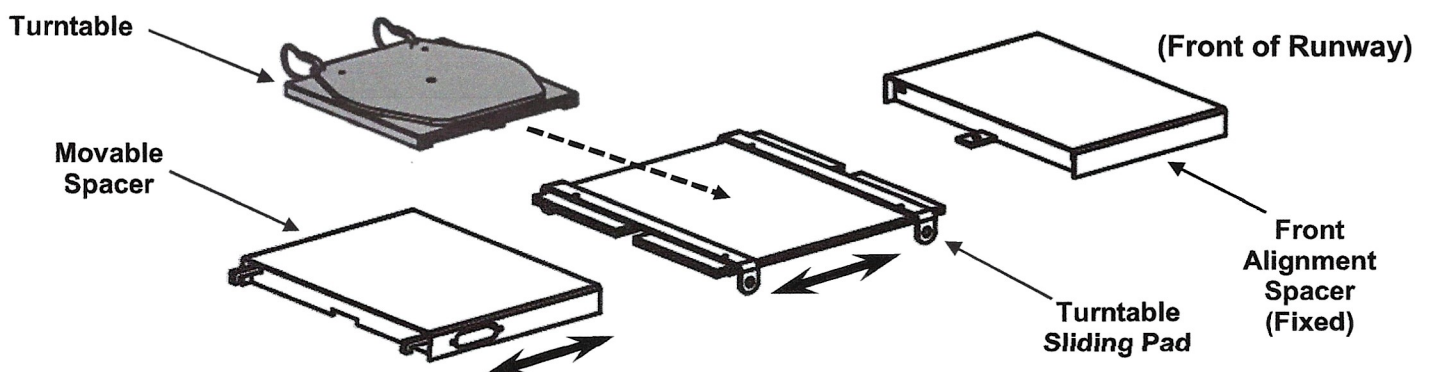

FEATURES

- High Quality Construction
- HD Carbon Radius Steel Top Plate
- Base Handle for Easy Positioning
- 9,000 lb. Total Set Capacity (4,500 lb. ea.)

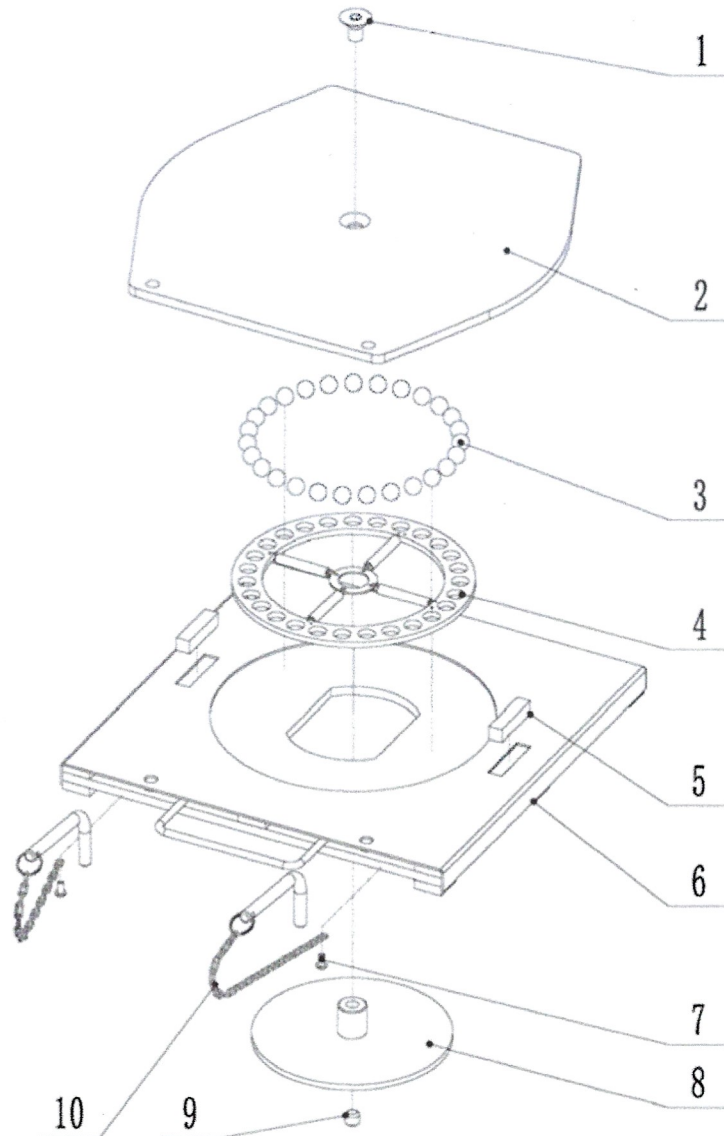

Installation / Position Instructions:

- 1) Position Turntables on the Sliding Pad at the front of the Alignment Runways with Handles facing outwards. Use sliding Pad to easily position Turntables to the 'front or back' position, while using the Movable Spacer to fill the runway gap.

NOTE: Ensure L-Pins are inserted in Top Plates to hold in place when positioning vehicle wheels.
