Philosophy

My job is to make everyone else's job easier! As an Executive Assistant, I hope to improve the work days of those around me by working hard, being diligent, and being a positive presence.

Testimony

I didn't grow up in a church environment, but the Lord found me anyway. He introduced himself to me in middle school when I bumped into some audio recordings of the Bible, but it wasn't until I was in high school that he showed me that salvation is found in Jesus Christ. Since then, I've been on a journey of growing in the knowledge of the love of the Lord, and it's been the best adventure!
