(1) Pure water	(a) Rain
(2) Main source of water	(b) Boiled water
(3) Dirty water	(c) Tube well
(4) Salty water	(d) River
(5) Groundwater	(e) Sea

WORKSHEET

Let's answer :

Q. 1. Choose the correct word(s) from the box and fill in the blanks :

evaporation, ice, steam, clouds.

(1) Ice is the solid form of water.

(2) When water is heated, it turns into steam

(3) The process of changing of water into water vapour is called Evaporation.

(4) Water vapour rises high up and forms Clouds.

Q. 2. Answer the following in one word :

(1) Which form of water is not visible?

Water vapour

(2) What does the water vapour change into when it comes in contact with a cool surface ?

Rain

(3) Which form of water is contained in the air?

Steam

Q. 3. Tick ✓ the correct word printed in bold :

(1) Water that we drink is **solid** / **liquid**.

(2) We get rains in **monsoon** / **winter**.

(3) The ice is made **in refrigerator** / **on stove**.

(4) Steam comes out of food which is **hot** / **cold**.

Q. 4. Complete the following sentences :

(1) Ice is the Solid form of water.

(2) Water occurs in three form.

(3) Steam is the gaseous form of water.

Q. 5. Match the columns :

Column 'A'	Column 'B'
(1) Water vapour into water	(a) Freezing
(2) Water into water vapour	(b) Melting
(3) Ice into water	(c) Condensation
(4) Water into ice	(d) Evaporation

Q. 6. What is evaporation ?

Water from lakes, rivers and seas keeps on changing into water vapour. This is called evaporation.

WORKSHEET

Let's answer :

Q. 1. State whether the following statements are True or False :

- (1) The sun looks small because it is very small.
- (2) The sun is smaller than the earth.
- (3) The farther a thing is, the smaller it looks.
- (4) We must never look directly at the sun.

F

F

T

T

Q. 2. Tick ✓ the right word printed in bold :

- (1) When a gas-filled balloon rises high in the sky, it looks **bigger/**
smaller.
- (2) The sun is many times **bigger/smaller** than the earth.
- (3) An aeroplane is a **big/small** vehicle.
- (4) The midnoon summer sun is **cold/hot.**

Q. 3. Select the correct answer and complete the following statements :

(1) The sun looks very small, because

(a) *it is very small.*

(b) *it is very hot.*

✓(c) *it is at a very great distance from us.*
