

West Groton Water Supply District Report of the Water Commissioners

During the calendar year **2017**, the following has been accomplished:

- *The Federal Audit was completed by Powers & Sullivan. The District's finances were reported in good order.*
- *Initiated design of Townsend Rd. Well Field plant upgrade.*
- *The exterior of the office building was repainted.*
- *Upgraded the bill cards and purchased a new printer for the bill cards.*
- *Started a new Facebook page to keep our customers informed; @W.Groton.Water*
- *The Townsend Rd. Well Field Upgrade progressed with the installation of four 18" gravel packed wells.*
- *New permanent hydrant flags were installed.*
- *Installed 12 new water services*
- *Continued with the replacement of old SENSUS meters with the new Badger meters (replaced a total of 322 to date with 297 remaining)*
