

## AGILITY LITE at Red Barn Kennels

Join us at Red Barn Kennels for some agility FUN!

Class will be held outdoors to take advantage of the fall weather and being able to spread out our courses. The area is large and fenced in. Level I is for folks who have never done any agility. Level II is for folks who have! Level II folks will have an opportunity to design a course for us to run!

The equipment we will be working with includes:

- Tunnels
- Chute
- Bar jump
- Winged jump
- Broad jump
- Tire jump
- Weave pole
- Pause table
- "Ladder", wobble board and small ramp (in lieu of bigger equipment)
- Hoopers - check out this YouTube if you're not familiar with hoopers
  - o <https://youtu.be/y11pey8BaG0>

We're currently exploring options to see if we can find a portable or lightweight teeter and dog walk as the existing equipment is heavy to move outdoors. If students want to pitch in, we can move the equipment in and out together.

### **DIRECTIONS TO RED BARN KENNELS - 798 Hubbard Road, Dawsonville 30534**

From the North Gate of Big Canoe, head straight across Steve Tate Highway onto Hubbard Road. (If you're coming down Steve Tate Highway, instead of turning into the North Gate of Big Canoe, turn onto Hubbard Road instead - across the street from the North Gate.) Drive 1.4 miles and you will see BETHELVIEW RIDGE road on your right and a large fenced in yard on your right. Drive another .1 mile (you will have driven a total of 1.5 miles by now) and look for a paved driveway on your left with a mailbox with 798 on it (the address). The paved road does turn into a gravel road, so don't panic! Please park on the road on the same side of the street as my car - the red Ford Edge (SUV). If we could all park on the SAME side of the road, emergency vehicles coming down Hubbard Road should have no difficulty passing us.
