**To become a Personal Biography territory representative requires no cost. However you will be required to treat it as your own. In other words a very thorough and professional job.**

We are filling a void that has always been in the publishing industry. A niche market that gives people an avenue to express their pride in a loved one in a hard cover full colour book at a reasonable cost for small quantities.

**A tribute to your loved one!**

**A sports career!**

**A family business story!**

**A family story!**

The value of these books are priceless!

We take memories which may be stored away in boxes or photo albums and with almost no work to the customer we produce hard cover books.

We have developed a very unique marketing plan which eliminates the need to sell with no competition.

You would set up our samples in mostly non-profit locations in your area. Non-profits would be nursing homes, churches, arenas, hospital gift shops, libraries, legions, 55 plus condos's, etc. Stands could also be set up in for profit businesses like funeral homes, florists, etc.

**Why would the organization want to have our stand in their location?**

It is a feel good item for them, and they receive **10%** of the sale of the books. (approximately **\$60.00** per order)

The cost for a minimum order of **5** books is **\$595.00. (\$119.00 per book)**  
Our indications are that once our customer decides to go forward they already have the sales lined up with their relatives.

Once you have the samples set up in the locations your duties would be to service these locations by answering questions from people interested after seeing the book and dropping off more brochures when needed.

The customer has the option to meet with you with their contents at the location, or have them picked up by you at their home. In some cases the customer may require a helping hand in the sorting of their memorabilia. THIS PROCESS IS SO IMPORTANT!! YOU ARE DEALING WITH PEOPLES LIVES. (Make sure you have tissues at these meetings) A personal connection will inevitably happen. Which is a good thing.

You would be required to drop off the contents to our local scanner and then to return the contents to the customer.

Every book that is published by us turns the owner into a sales person. The owner of that book will inevitably show the book to everyone who enters their home. Why? Because they are proud of their loved one. After showing the book the first question that will be asked is, "Where did you get this done?" THIS IS WHY YOUR FIRST YEAR WILL BE YOUR LOWEST YEAR.

When a person sees our book in another area and contacts us to have a book published but lives in your area they would be treated as your customer.

All brochures will have printed codes for us to establish where the initial contact was made to ensure that everyone in this process receives their monies.
