

Abelita, LLC

Consultants Developing
Sustainable Solutions

Capability Statement

CORE COMPETENCIES

Abelita LLC is a rapidly growing consulting company launched in January 2014. We bring over thirty years of executive leadership and multidisciplinary experience within the corporate, nonprofit and government sectors. We have substantial experience as thought leaders with a focus on creating sustainable solutions for our clients. We specialize in communications and public engagement, promoting tools and processes that are grounded in collaboration and consensus building.

We are experienced in working with diverse populations, historically underserved communities, special needs citizens, and environmental justice issues. We develop plans tailored to each client's interest, providing complete turnkey services to implement plans that yield results. Our services include:

- Public/Stakeholder Engagement
- Communications
- Strategic Planning
- Database Management
- Consensus Building
- Logistics Management
- Advisory Boards/Citizen Participation Groups
- Surveys
- Diversity & Inclusion Initiatives
- Demographic Studies
- Government Relations
- Community Outreach

DIFFERENTIATORS

In an era of nonconstructive polarization, bridge building is critical to advancing public and private sector goals. Abelita has a demonstrated track record working with diverse clients and stakeholders employing online and offline approaches for effective outreach and engagement to meet strategic objectives. Abelita LLC is certified in Strategies for Dealing with Opposition and Outrage in Public Participation.

Abelita LLC is committed to the highest standards of excellence, loyalty, and integrity in our client relationships, business partners, and suppliers. We are proud to say that we are Davis-Bacon compliant. We invite your inquiry regarding our services.
