

## Italian Alt-Rockers Posh Announce New Single ‘Close Your Eyes’

*The latest from the veteran group showcases the imaginative sound that made them favorites across Europe.*

One of Italian Rock’s most beloved exports, Posh has shown a remarkable ability to merge classic guitar-rock sounds with urgently modern sensibilities. Their latest single is a triumphant return to form, musing on humans’ eternal longing for human contact.

‘Close Your Eyes’ was written during the band’s winter stay in Gothenburg, Sweden, which accounts for its darkly intriguing soundscape. Over an intertwining bed of gritty guitars and electronic flourishes, they tell the story of a lost soul’s enduring quest for connection. It’s a powerful song that challenges the imagination, brought to life by an emotionally thrilling vocal performance. ‘Close Your Eyes’ is one of the best tracks yet from one of Italy’s most endearing bands.

‘Close Your Eyes’ is available everywhere August 31, 2024
