

THE GREAT WEE SPRINGTIME NATURE TREASURE HUNT

1. Identify and name five native trees or plants.
2. Identify and name three bird species you see or hear.
3. Name one species of fish spotted in the waterway or ocean.
4. Find and name three insects or shellfish (if at the beach).
5. Sit or lie down and close your eyes. What natural things can you smell or hear?
6. Which Hapu or Iwi is mana whenua of this place?
7. What are three activities not permitted in this nature space? Why?
8. Find one item of litter/rubbish and place it in the rubbish bin provided, or take it home.
9. Can you find the name of a local community group who assist with the care of this place?
10. What is something new you have discovered during this nature hunt?
