

The Original Pennsylvania 1000 Yard Benchrest Club Inc.

We invite everyone who is interested in 1000 yard benchrest competition to join us at the birth place of 1000 yard benchrest competition in Pennsylvania. The club has been holding competitions since 1967 and this is one of the premier 1000 yard benchrest facilities in the country. Many records have been set and broken at this facility over its long and storied past. Many innovations and some military applications have been furthered through the experimentation and forward thinking of many of the members and competitors at this facility. Some of the countries special forces have come and participated in matches in the past. The location is rustic and scenic with mountains and country side. Our range is beautiful and because of the terrain our winds are unique.

We hold matches for all calibers from 17 to 40 in our regularly scheduled match season fired in two classes of fire light and heavy. We also have specially scheduled 50 caliber matches throughout the year. We also have a benchrest school every year that teaches the principles of reloading , gun handling , bench techniques and more.

The 50 Cal. Matches are held under standard FCSA rules with Heavy , Light , Hunter and Unlimited classes. All matches start at 9:00 am. In order to participate you must be a member of the PA Club and be a FCSA member in good standing. Membership applications are available on the FCSA and PA Club webpages.

The 50 Cal. Match dates are listed on the FCSA webpage as well as on the PA Club webpage. The contacts for them are listed on both as well.

For more information on lodging or directions go to the club webpage at www.pa1000yard.com.
