DEA Security Systems "Recommended" and Referral Based

"The Bitterness of POOR QUALITY remains long after the Sweetness of LOW PRICE is forgotten"

WHY DEA SECURITY SYSTEMS CO., INC.?

DEA Security utilizes today's diversified and advanced Security, Fire, and CCTV systems. We take pride in our ability to fulfill the various electronic needs of our clients. We are *distinguished* from our competitors for our expertise and personalized service in **Both** residential, commercial security and online CCTV systems.

For over 31 years, DEA has provided and installed the world's most innovative and user-friendly systems available on the market —offering convenience, safe installations, affordability, portability and **proven** stable performance.

WE CAN HELP YOU - If you are looking for System Integration to protect your Home or Business – DEA Security can offer a fully customized security solution

designed with YOUR special requirements in mind. And, with the addition of monitoring services, you may reduce costly insurance premiums.

SEE WHAT'S HAPPENING FROM ANYWHERE!

Integrated video monitoring lets you view *live* video and recorded video clips of activity at your home or business.

Our web-based Monitoring service transmits all system activity through a

dedicated wireless connection, so you don't need a phone line at your home, business or job site - and you don't have to worry that your system will be disabled by an intruder who cuts your phone line. You can even watch live video and play recorded clips on your PDA or cell phone.

IT'S ALL CONNECTED!

MONITORING SERVICES: A significant part of any Security and Fire Alarm system, is professional UL Central Station Monitoring service.
