God's Harvest	25. Pumpkin pictures (Harvest)	26. Fall leaves crown	27. Fall in love with Jesus	28. Pumpkin pie slices	29. Popcorn project	

Dear Families,

We are off to a great start this school year. Everyone is settling in and learning our daily routines. The children have enjoyed meeting new friends.

This month with our weekly themes we will be learning about how God made the world, fall fun, Pumpkin patch and last but not least God's harvest. The children will be doing painting, gluing and exploring in our harvest sensory boxes.

Sensory play is very important for children. It is through this play that the development of motor skills and building of nerve connections in the brain happen. It is very important that children still have exposure to sensory play in the classroom. Not to worry, everyone will have their own sensory bin. Hopefully, this will cut back on shared germs.

Please bring your child's October snack the first day they attend in October. The snack has to have two components. Here are some ideas, if there are any questions please let me know.

- Sausage and cheese
- Yogurt and cracker
- Raisins and goldfish
- Ect

Reminders:

- Please dress your child to the weather. We are close to the lake so it is cooler.
- Please dress your child in play clothes. We use washable paint and smocks.

If you have any questions or concerns please feel free to contact us.
