♡ Happy Holidays to All ♡

We LOVE this time of year, and wanted to share what we've been up to with all the pups. To also send out a big **THANK YOU** to all of those who support our rescue work. While we haven't been rescuing dogs from shelters, we have been busy just the same! We've been able to help dogs in our community that have needed vet care, fostering and helped a few pups to find much needed homes.

HOW CBD CAN HELP YOUR DOG

Gracie a homeless stray was spayed & microchipped and is now a **LUCKY PUP !**

Cole is back and living with us, originally rescued from San Bernardino City Shelter 2013.

We received an urgent call from Banfield Vet Hospital after this little one was brought in for euthanasia. He was paralyzed, only a few months old. They gave us just 30 minutes to pick him up! Look at that face! He made a miraculous recovery with rehab and TLC. Maltese Rescue of CA covered his costs, we fostered. Great **TEAM WORK!!** Then he was adopted into his forever home !

We have been so pleased with the results for our rescue dogs, that we are now offering CBD on our website AND when you purchase from us~100% of the proceeds come back to the rescue to support our work. www.LuckyPupDogRescue.org

Ace had an emergency surgery for his leg with the amazing Dr. Pike at Sorrento VSH

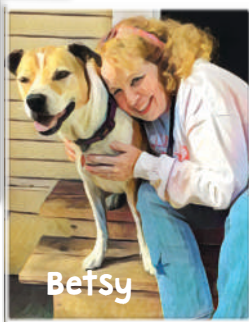

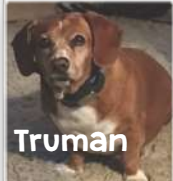

Our beloved **Chase** crossed the rainbow bridge. On angels wings he flies~ Chase, always in our hearts. always. always, always ♡ ♡ ♡

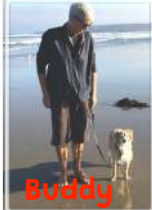

Those of you who are using CBD for your pets know the benefits. Now you can help Lucky Pup Dog Rescue with each purchase you make on our website!
