

September 10th, 2018

This week, we will be administering the Dibels literacy assessment. This assessment helps us to monitor the development of early reading and literacy skills. It will help us identify children who may be experiencing difficulties. We will then be able to provide targeted instruction in needed areas.

Smiles were everywhere today when school pictures were taken.

As you know, our annual auction/gala event is our major fundraiser each year. The success of this event relies on the support by **ALL!** At the present time, we are in need of a chairperson to begin forming the necessary committees required to make the evening a success. If you are interested, please contact any of our HSA board members!

Our first All School Mass, will be Sunday, September 23rd at OLS at 9:30am. Children participate in all aspects of these masses including; readings, music, servers & gift bearers. It is a wonderful way to thank our parish for their continued support. We encourage all our students and families to attend. Please return the form below
