

**Northwell Health | Cardiovascular Nurse Symposium
Aria Hotel | Las Vegas, NV
Friday, February 7, 2020**

Target Audience

This course is designed for nurses, technologists, and other healthcare professionals in interventional and general cardiology.

Educational Goal

This program is designed to provide health care professionals with the knowledge of the latest therapies and cutting-edge technologies in the cardiovascular field.

Learning Objectives

- Explain the latest innovations for transcatheter-based therapies
- Describe cardiac diagnostics and imaging to optimize PCI Outcomes
- Discuss the emerging role of CCTA and CTFFR in CAD detection and treatment
- Review the Role of Radial Intervention and Vascular Complication Treatments
- Describe mechanical circulatory support devices in the Cath Lab

Accreditation

This nursing continuing professional development activity was approved by the Continuing Nursing Education Group, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Arizona, Idaho, and Utah Nurses Associations are members of the Continuing Nursing Education Group. **Approved Contact Hours 4.0**
