

ASTRONOMICAL ALIGNMENTS OF JESUS' BIRTH

JUPITER RETROGRAGE AND TRIPLE CONJUNCTION PATTERNS IN LEO AND VIRGO

Astronomical Evidence that based on the Triple Conjunction of Jupiter with Regulus and the Triple Conjunction of Jupiter with Venus, one postulates that these Celestial Alignments were Prophetic Signs of Jesus' Birth. And that Incarnation occurred on September 11, -3 BC (911). Based on this Timeline, one then asserts that Jesus was 33 Years in the Year 32 AD, the Year of the Crucifixion, His Resurrection and start of the Church Age. This Timeline could the suggest when the Church Age is to conclude with the Rapture Event, etc.

THE WISE MEN OF THE EAST
What the Magi saw in the East, perhaps in Babylon as Disciples of Daniel's School of Astronomy. Known as Magos, they were the Scientists of the Day. They mingled with Royal Administration and had Oversight of the Kingdom. Although 3 'Gifts' are mentioned in Scripture, they were not necessarily 'Kings' but Ambassadors and were probably in a large Caravan of more that '3' who were accompanied with Logistics and Supplies to make the Trek that perhaps lasted 1 Year. It may well have mirrored the Retrograde of Jupiter that 'stopped' over Bethlehem, etc.
