

# Integrity Wire Inc.

Specializing in Transit, Airports and  
Industrial Construction.

Our relationships carry through to the customer by providing quality wire and cable with dependable lead times.

Over 35 Years Experience in the Cable Industry

## Experience

Over 35 years in the wire and cable industry

We are knowledgeable about manufacturing and technical specifications of cable and have worked with some of the largest contractors and engineering groups in the US as well as many Transit Authorities.

## Quality

Providing the highest quality cable available

Integrity Wire is committed to quality. Our experience with cable engineering and specifications ensure that you get the correct cable for every application.

## Reputation

Built on Service, Quality and Commitment

Integrity Wire has a reputation built on the ethical principles of honesty and trust. Our suppliers and customers continue to look to Integrity Wire to get the job done.
