

Congrats to Shane "I now live in Florida" DeLeon. Shane wins the final 50/50 drawing of the year with #40. It is Shane's second win during his DGA tenure and both were with the same #, after winning in week 12 last year.
George Keller takes home the win in week 19 with his famous "00". This is George's 4th win overall and first since 2010. Prior to that win, George hadn't won since 2004... nice spacing between wins. George owns two numbers in the 50/50 and now has two wins apiece with those two numbers.
Larry Thiry becomes our third double winner this year hitting once again, but this time with #87. It is Larry's tenth win since 2003 and places him in a 2nd place tie overall. This is Larry's 5th win since 2012.
Bob Nowark takes home the cash in week 17 of the 50/50 drawings. It is Bob's 9th win overall since 2003 and places him in a 4th place tie with 3 others. Interesting fact is that Bob owns two numbers in the drawing and basically has a two win streak with each of his numbers and he has spaced out his nine wins with solo wins since 2005 skipping 2006 and 2012.
Congrats to Jim Rinaldi for hitting the 50/50 in week 16. It's Jim's fourth win since 2003 and more impressively, it is the first time that #41 has ever hit since 2003. The win puts Jim in a tie for 26th place with two other DGAers.
Mike Jeffries jumps back into sole possession of 1st place in DGA 50/50 wins. It is Mike's eleventh win since 2003, and fourth with #20. Mike has distributed his 11 wins evenly across the three numbers he owns. Beware, when Mike wins in any given year, he usually wins multiple times. He has won twice in 2006, 2007, 2011, and 2012. Can we get him to the bar one of these weeks?
The week 14 drawing goes to Larry Thiry with #37. It is Larry's ninth win since 2003, and fifth in the last three years. The win vaults him into a 3rd place tie fittingly with Wally, FT, DGA, (and Fitz). We have 7 members who have 4 numbers in the 50/50 and Larry is now the 4th to have won this year. In the last three years, the 4-number owners have won a total of 18 of the 54 drawings, with Larry leading the way with his 5 wins.
Congrats to our 2nd multi-winner of the year. Jim Petronchak once again hit with #89. It is Jim's sixth win since 2003 and places him in a tie for sixteenth place with four other members. Of his six wins, Jim has won 4 times with #89.
Min Minutello wins the week 12 drawing with #71. It is Min's fifth win since 2003, and places him in a tie for twenty-first with four other members. Interestingly, all of Min's wins have come on 2 of the 3 numbers he owns in the 50/50. He may be willing to sell that third # for some Min dollars.
Congrats to Dave Perry on his win in week 11 with #88. It is Dave's 10th win since 2003 putting him in a tie for 1st place overall with Mike Jeffries. This is Dave's 4th win with #88, and fifth win since 2010.
Last week, we started a trend with our first two-time winner of the year. This week, we have another trend... it's the fourth week in a row that the winning # has ended in a "9". Congrats to Ron Ceglia, Sr. for hitting with #19 at the 1/2 way point of this year's drawings. This is Ron's 7th win overall since 2003 and third in the last 2 years. He is now tied for eleventh place overall, with four other members.
We have our first multi winner of the year.... Congrats to John Rutigliano for hitting the 2nd time this year and with #59. This is John's 7th win since 2003, and his 3rd win with #59. This puts John in a four-way tie for 11th place overall.
Jim Petronchak hits the 50/50 to start Father's Day weekend with #89. It's Jim's 5th win since 2003 and third with this number. Jim moves into a tie for twentieth place with 4 others (2 active members).
Tom Wrobel gets into the win column this year with #29 hitting in week 7. This is Tom's 7th win since 2003 and his 4th win with #29. The win place Tom in a 3-way tie for 11th in total wins. This is Tom's 1st win since 2011, but before that he was on a 4 year win streak of at least one win (2008 - 2011).
Congrats to Dennis Grote on his win in week 6 with #12. It is Dennis' seventh win since 2003 putting him in a tie for 11th place with one other member. This is Dennis's 4th win with #12. He's won 3 times with his only other owned number in the 50/50.
Congrats to Greg Cavallo... yes, Greg actually wins a 50/50 every once in a while. Greg won with #90 and it is only his 2nd win since 2003. He last won in Sept. of 2008. Another milestone of sorts is that this is the first time #90 has hit since 2003. Greg's response when he learned he won... "@*#@*#@#, last time I won, I had hair". Great line.
Dom Tucci takes home the 50/50 prize in week 4 with #74. It is Dom's 2nd win during his DGA tenure, matching our week 5 winner total wins since 2003, coincidentally.
Congrats to Mike Rolph for winning week 3 of the 50/50. He makes a brief appearance in the north and wins with #18. It is Mike's sixth win in his tenure in the DGA. It places Mike back in a tie for twelfth place in total wins since 2003.
The first two weeks of the 2014 50/50 drawings have seen an Exacta of sorts. There has been a "Johnny" sitting in the winner's circle. And it's a good Johnny for John DeSimone and John Rutigliano wining with #24 and 01, respectively. John Rutigliano's win in week two was his sixth career win and places him in a tie for twelfth place overall. Congrats to John DeSimone for hitting with #24 in week one. This was John's eighth win since 2003 and his second win with #24. The win pushes John back into a tie for 6th place in wins since 2003 with 4 others.
