

# Is My Kid Spoiled?

## The ABC's of Behavior

As parents we've all had our challenges getting our kids to behave: Temper tantrums, lack of confidence, self-control...and in some cases more serious issues like self-injury. And everyone seems to have an opinion on what you should do. Should I put them in time-out? Spank? Turn a blind-eye? Praise them?

Join us for breakfast with guest speaker Maryam Majlessi Baddour, M.Ed, LPC, BCBA from Reliant Therapy Services and learn the keys to raising your kids with good behavior.
