### **Family Strivings/Recommendations!**

**As a school, we are a close family whose children spend multiple hours in each-other’s company. With this in mind, it is important to be headed in the same direction together as a school family as we seek to form our Children into World-Class Disciples of Jesus! As a school family, we all want to strive for similar things together so that we can be more effective in forming our children’s character!**

**If we work hard at home, we can all work together in helping to form our children! We are cognizant that we are very human, and fail often, yet we desire these things and will continue to strive towards them as a school family!**

#### **As a Sacred Heart / Sacred Footsteps Family:**

1) We will work to seek Jesus continually, and make him Lord of our lives daily, and the center of our family, to attempt to connect personally with God continually (ideally, we work to carry on a constant conversation with God!), and teach our children the same, through as many times of prayer as possible during the day! We will work to pray together as a family, and encourage a personal prayer time for our children as they grow!!

2) We will seek to utilize kind and respectful language to one another, and have a soft and gentle tone with each-other! We will attempt to discipline our children in a soft and generous way, trying not to react out of anger, but strongly forming the character of our children toward good! (Love & Logic, Shepherding Your Child's Heart, among other resources.)

3) At home, we will work hard to form children that are respectful to their parents, obeying happily and readily, knowing this is a constant work in progress. We will seek resources such as Love and Logic, Shepherding Your Child's Heart, advice from other godly parents, and other parenting resources for support in this area.

4) As a family we will work to have a Serving Heart toward all, understanding and empathizing with others, know it is better to seek to understand, then to be understood. We will work to give our children responsibility in the family in their chores and contributions, as this leads to a more empathetic and serving heart.

5) Because the "world" will happily disciple our children in ways opposite to our faith through unavoidable and neglectful exposure, we will work hard as a School Family to will make serious efforts to protect our Children and Adolescents from undue exposure that we can control.

a. A primary area that we can control is media - we will work hard to expose our children to inspirational and educational media as much as possible and work to protect our children from unhealthy media exposure such as films with over-sexuality, worldly values, violence and gore.

b. As a family, we will make efforts to limit media time to avoid some of the negatives of over-exposure to media shown to be directly related to 1) a decrease in academic ability, 2) decrease in love for reading, 3) decrease in attention span, and 4) decline in the development of the imagination (needed for the prayer life!), as well as leading to children that struggle with apathy, laziness, and negative attitudes toward school.

c. We will attempt to encourage healthy content in media and video-games, avoiding 1<sup>st</sup> person shooter games as much as possible (research shown to lead to decrease in empathy in children and de-sensitivity to violence).

d. Another area of influence would be literature and comic books – we will work hard to find wonderful resources in these areas that have healthy content that encourage goodness, and Godly character, and are free from excessive violence, gore, or sexual innuendos.

e. We will attempt to keep combined prayer, bible, inspirational media, and family catechesis time as greater than entertainment media time.

We will strive for these things in good faith, knowing that none of this is possible without God's assistance, and knowing that as we may fail, but we will continue to strive toward these things with the help of God and the support of our Church and School Family!
