

Senior, Elizabeth and her mother Patricia have been participating in Con Mi MADRE's programs since Elizabeth was about 13 years old.

Elizabeth thoroughly enjoys participating in Con Mi MADRE's programs because she feels engaged and empowered. Her favorite aspect of the Con Mi MADRE core program is the opportunity she has to partner with her mother Patricia to give back to their community by volunteering. Though Con Mi MADRE requires each mother-daughter team to participate in 15 hours of volunteer service, Elizabeth and Patricia often volunteer well over their required hours.

There's also a bit more buzz in Elizabeth's excitement this year, as she will be making decisions on which colleges she wishes to attend after graduation. Con Mi MADRE is there every step of the way offering chaperoned college trips to various Universities throughout the state of Texas. In addition to visiting colleges with the girls, Con Mi MADRE will also help Elizabeth search for scholarships to help her family provide for her post-secondary education.

Although Elizabeth's mother, Patricia, did not earn her college degree in her youth, she knows the importance of education. In fact, Patricia recently went back to school and is currently working on her Bachelor's degree at Texas State University.

We encourage you to donate now to inspire the dream in other mothers and daughters, and join us in celebrating "soon to be graduates", Elizabeth and her mother, Patricia.
